Hiring Manager
Microsoft
One Microsoft Way
Redmond, WA 98052

Dear Hiring Manager,

I am writing to express my strong interest in the Software Engineer: Fullstack Intern position at Microsoft in Redmond, Washington. As a computer science graduate with diverse technical skills and entrepreneurial experience, I am excited to contribute to Microsoft's innovative mission.

My background in computer science and experience in full-stack development, machine learning, and robotics align well with this internship's requirements. Key projects that demonstrate my ability to solve complex problems and build innovative solutions include:

- Developing a full-stack web server using Next-React-GraphQL-Strapi stack at UTA's IT Lab.
- Leading a team to implement on-device conversational AI using BlenderBot-small in an Android app.
- Creating a \$1,000 general-purpose humanoid robot prototype, demonstrating innovation in challenging environments.

I am drawn to Microsoft's track record of innovation and emphasis on growth mindset. I'm eager to bring my technical skills, creativity, and entrepreneurial spirit to your team, contributing to impactful next-generation software development.

Thank you for considering my application. I'm excited about the possibility of joining Microsoft as a Software Engineering Intern and would welcome the opportunity to discuss how I can contribute to your team's success.

Sincerely,

Jacob Valdez
